Regional press features

Please note:

If you want to advertise alongside a Law Society Featurelink feature it is very important that you specify this when booking your advertising space; otherwise your advertisement is likely to appear elsewhere in the publication.

It is possible that additional regional newspapers may run features using the Law Society’s editorial without our prior knowledge.

An advertisement only will appear in the National Metro w/c 1 October 2012. The Metro is not part of the Featurelink system.
