Balens

BALENS act as the appointed Insurance Brokers for the Solicitors Group who provide CPD membership benefits and conferences to the legal profession.

Both organisations have considerable experience and expertise in their respective fields. Balens are Affinity Group Specialists for Malpractice, PI and Liability and have evolved over many years highly sophisticated Affinity Group IT Systems enabling swift issuing of documents, online renewal facilities, efficiently handling between 45-50,000 clients and over 180 Affinity Groups. They are an independent ethical firm going back over 3 generations and founded in 1950. The Managing Director, David Balen, will be handling the scheme. David has been a Broker and IFA for nearly 40 years, and also lectures widely, including at Oxford Brookes and Middlesex Universities on various aspects of Business and Risk Management. He is also a trustee of a number charities, and Balens are strongly involved also in insuring the not for profit sector.

The SOLICITORS group currently has membership of over 1250 firms whose considerable buying power ensures a good deal for Members in respect of various professional services on offer. The Managing Director is Adrian Dion, originally, a qualified solicitor. Some years back as a previous Director of Law Net, he successfully launched and delivered a quality £550,000,000 scheme for that quality group of Law Firms.
